JustGoodSkinCare.

ABOUT US

We are a stepmother and daughter team with a vision to create **skincare products** that are **gentle and kind to skin.**

We **work closely with a pharmacist** to ensure a unique formula specially formulated for us. **It's concentration proves to be effective in calming redness immediately after epilation and long-term to keep ingrown hairs at bay.** We have tried and tested this formula and we are delighted to introduce this serum to you and your clients.

We are based in Knysna, hence the addition of **honeybush tea extract** which is endemic to the Western Cape. All our ingredients are **locally sourced** and we are a **proudly South African brand.**

Introducing OUR NEW FOLI-X CONCENTRATED SERUM

Effectively prevents and reduces the appearance of:

- **Ingrown Hairs**
- **Razor Rash**
- **Redness after shaving, waxing or laser treatment.**

- Concentrated leave-on serum to immediately calm and soothe affected area.
- Safe to use immediately after any form of epilation
- Leave-on affected area from 12-24 hours
- Results are immediate
- Use daily until hairs have grown out fully
- Suitable for all skin types, tones and ages
- Unisex
- Replaces manual exfoliation such as loofahs or scrubs
- If irritation occurs, use less frequently until the area is accustomed to the magic of salicylic acid.

PRICING EFFECTIVE FROM 1 AUGUST 2022
